SUMMARY

A dynamic and innovative Software Engineer with over 2.6+ years of professional experience in full-stack web development. Demonstrates proven expertise in modern frameworks and technologies, including Angular, ASP.NET, and .NET Core, with a consistent record of delivering high-performance, scalable web applications. Passionate about harnessing the latest tools and techniques to address complex challenges, optimize solutions, and contribute to impactful digital innovation.

SKILLS

Frameworks & Technologies: Angular, ASP.NET MVC, .NET Core, React, REST API, Web Services, Web APIs, Express.js

Tools & Platforms: Visual Studio, SQL Server, XAMPP, Firebase, Git, GitHub, Crystal Reports, Node.js

Databases: SQL Server, Firebase Realtime Database, MySQL, MongoDB

Methodologies: Agile (Scrum), Continuous Integration/Continuous Deployment (CI/CD)

Languages: English (Professional Working Proficiency), Hindi (Native Proficiency)

Programming Languages: JavaScript, C#, TypeScript, Python, HTML, CSS, SQL

EXPERIENCE

Software Engineer

Clover Infotech Pvt Ltd

Dec 2024 – Present, Mumbai, Maharashtra

- Engineered high-performance web applications using Angular, TypeScript, Material UI, RxJS, APIs, microservices, CSS, HTML, JavaScript, demonstrating strong full-stack development capabilities enhancing application reliability and user experience.
- Optimized application performance by 70% through advanced debugging and code refactoring techniques..

Junior Software Developer

Benchmark Computer Solutions Pvt Ltd

Aug 2022 – Dec 2024, Mumbai, Maharashtra

- Engineered high-performance web applications using Angular, C#, and ASP.NET, demonstrating strong full-stack development capabilities.
- Collaborated with cross-functional teams to resolve 50+ critical issues, enhancing application reliability and user experience.
- Implemented robust configuration management across 10+ projects, improving development workflow efficiency.
- Optimized application performance by 20% through advanced debugging and code refactoring techniques..

PROJECT

Gen AI

Clover Infotech • [genai-ionic.vercel.app/home](#) • February 2025 - March 2025

- Developed an **AI-powered web app** using **Ionic and Angular** for intelligent content generation.
- Integrated **real-time AI processing** to generate text-based outputs dynamically.
- Designed a **responsive UI** ensuring seamless performance across mobile and web platforms.
- Tech Stack:** Ionic, Angular, TypeScript, AI API (if applicable), Vercel.

LMS Portal

Clover Infotech • [lms-portal-jet.vercel.app/](#) • January 2025 - February 2025

- Built an LMS web app** using **Angular** for seamless learning management.
- Features **course management, user authentication, and progress tracking**.
- Integrated **admin dashboard** for course and user management.
- Tech Stack:** Angular, TypeScript, RxJS, Node.js, Express.js, MongoDB, Vercel.

Digital Loan Process

Clover Infotech • [digital-loan-process-app.vercel.app/](#) • December 2024 - February 2025

- Developed a fintech web app** using **Angular** to streamline loan applications and approvals.
- Integrated **AI-powered eligibility checking** to assess user loan eligibility instantly.
- Implemented **real-time application tracking** and an **admin dashboard** for financial institutions.
- Designed a **user-friendly interface** with a **responsive and scalable architecture** for seamless performance across devices.
- Tech Stack:** Angular, TypeScript, RxJS, Node.js, Express.js, MongoDB, AI-based eligibility module, Vercel.

REnEnterPrise (Administrator)

Benchmark Computer Solution • February 2023 - December 2024

- Created and built new web applications with comprehensive administrative functionalities.
- Developed advanced TreeView and GridView components for enhanced data visualization.
- Designed and implemented RESTful APIs to support dynamic data interactions..

TMS (Logistics Management)

Benchmark Computer Solutions • February 2023 – December 2024

- Created modular forms with integrated Excel export functionality.
- Contributed to efficient report generation processes..

Ayushakti (ERP)

Benchmark Computer Solution • August 2022 – December 2024

- Developed reusable grid components and dynamic forms for efficient workflow management.
- Designed RESTful APIs and implemented SQL procedures for comprehensive data handling.
- Integrated Crystal Reports for generating automated PDF-based reports..

GCC Canteen (Canteen Management)

Benchmark Computer Solutions • April 2023 – December 2023

- Built a robust canteen management system meeting all client specifications.
- Enhanced backend functionality with SQL database optimization and stored procedures..

StyleHub – Salon Booking App

College • September 2020 – January 2021

- Created a salon appointment booking app increasing booking efficiency by 30%.
- Integrated Firebase for real-time data management and Razorpay for secure payments..

EDUCATION

Master of Computer Applications (MCA)

IGNOU • Mumbai, Maharashtra • 2023 – Present

- Part-Time.

Bachelor of Science in Computer Science

Mumbai University • Mumbai, Maharashtra • 2019 – 2022

- Full-Time.

CERTIFICATIONS

Advanced Angular

- Certified through Great Learning in modern web technologies.

ASP.NET MVC Development

- Advanced certification in web application development.
-
